“Having my family photographed all together in an outdoor setting was very enjoyable, with lots of laughter! Our family portraits are beautiful, and I feel the quality is great. The dynamic photography duo that worked with us, really “worked with us”. Even though they had seated families dozens of times, we still felt like each arrangement was our own” – Judith Carlson

“My family discovered Leasures when my daughter had her senior portraits taken. We have been fans ever since and have had many more portraits taken and plan on many more. The quality is unmatched, I removed portraits and paintings from my walls to make room for those from Leasures. Enjoy, you’re gonna love the results!!” – Jenny Morman

SESSION DETAILS

My staff of photographers are compassionate and talented individuals who are easy going professionals that will put you at ease and give you a relaxing and fun experience. They are skilled at choosing the lighting, camera angles and natural poses that are most flattering for each body type.

Session Fees

The session fee covers the time and expenses it takes to create your images. Your session fee is required to schedule your appointment and is refundable in full with a 48 hour notice.

Studio Session \$100

We have two full sized studios to accommodate families with up to 30 people. A variety of backgrounds and settings are available. We love capturing the large family group and then also photographing the smaller families that make up the large group. While we specialize in traditional posing with attention to detail, we enjoy the unusual, creative and wacky as well.

Location Session \$200

We take the extra effort to bring several studio lights outdoors. This is why our outdoor portraits have such beautiful color and "light" in the eyes which makes all the difference and separates us from the amateurs. We are available to travel to the destination of your choice: your home, favorite setting or local park. Most family portraits are scheduled for late in the day. Call and we can discuss the details.

When Will I Be Able to See and Order My Portraits?

At your photography session, we'll make a second appointment for you to return to the studio to view and order your portraits the following week. Your images are projected on a large screen where you can easily sort out your favorites and view them in a variety of sizes. We invite any of your family who want to be part of the decision making process to come with you. This scheduled time is when you'll be placing your order.

What happens once I place my order?

Your order goes into production to meet our delivery goal. After 2 days, the processing has started and the order cannot be changed. Typically orders take 3 to 6 weeks to complete. Each image is retouched and enhanced in detail before being printed in our lab for complete quality control of color tone and image "impact".

SPECIALTY PRODUCTS

Wall Portraits

Consider the wall space where your wall portrait will be displayed. There is a tremendous difference between a 16X20 and a 30X40 when displayed over the same sofa or fireplace. Interior designers recommend that a portrait occupy at least 50% of the wall space available so the attention is drawn to the portrait and not the wall. There are a variety of frame options and finishes (satin, canvas or metallic) that will turn your image into beautiful and decorative art to grace your home. A 16X20 mounted on art board with a satin finish is \$350

Canvas Wraps

Our top of the line frameless wall portrait is printed on a high quality artist canvas and provides the look and feel of a truly exquisite art piece. Hang one large wrap or group several coordinated wraps on your wall to create a beautiful custom collection. Gallery wraps are sizes 11X14 to 40X60 with custom sizes available. 16X20 Canvas Wrap is \$437

Collages

Collages bring multiple images together in a unique design. A wall collage includes a number of images in a single framed piece. Over 50 styles to choose from. Our premium collages include your choice of double mats and custom frame. Our value collages consist of digital mats in a standard frame. Most collages range from \$409 to \$889

Albums

Our beautiful thick paged book is custom designed to portray the uniqueness of your portrait experience. Our most popular style is a 8X8 Glossy Album \$800.
